IN THEIR OWN WORDS:

“I learned so much! ... Appreciate all the planning !!!

“Loved the scripture ties to the Bible and the land.”

“Every lesson was relevant--loved the amount of Scripture.”

“It was a wonderful trip.”

“I don't think you could have included too much more in the tour without having to push the group until they could not get to enjoy the places we were at, or get the background and significance.”

“(I liked the) Scriptures shared on location during visits to biblical sites, worshipful atmosphere permeating all activities, connections among attendees founded on Jesus and creating servant hearts toward each other.”

“My tummy did not adjust well to the food, but I didn't go there to eat.”

“Lodging was top notch. Well pleased with biblical sites visited. I did find it hard to keep the geography straight in my mind. The study guide helped tremendously - I should have studied harder.”

“Urge people to read about Israel both modern and ancient in order to know a little about the places they are going, and to do a little walking to get ready for the trip.”

“Walking really helps to get you prepared, but I would stress also incline walking because of all the hills. Study guide most helpful and reading the Bible and getting more familiar with the geography helps to visualize better.”

“The trip is definitely physical! We were told that we needed to walk a lot before we went but I don't think some in our group truly realized the challenges of walking & climbing in the heat! I was very concerned for some of

them! Perhaps you could focus a little more on that when talking with people about going on the trip. Many people can walk & do so daily but climbing, heights, etc, in the heat & rough terrain are another story!”

“The only way that I can think of to make the Israel experience better is to add days to the trip. The Biblical aspects of the trip are outstanding, but there is so much more history embedded in Israel that it is almost overwhelming.”

“Walking uphill and outside will make your physical preparation helpful for your trip. I run every morning and I am in good physical shape and there were days that I got tired due to the heat.”

“Take the stairs... Read the Bible through.”

“I personally took a weekend silent retreat to prepare for the trip. It was very helpful to me to get my heart better in tune with what God wanted me to see/hear/learn during these few days in Israel.”

“We took \$300 and it was more than enough. Thank you fir including everything..”
